Quality policy

Valoriim's customers and other stakeholders can expect us to:

- Create long-term customer satisfaction by delivering high quality that meets both specified and unspoken customer requirements
- Deliver on time and according to agreement
- Handle customer issues in a fast and professional manner
- Are at the forefront of our field with good knowledge and high competence
- Are reliable as a business partner and employer
- Work with carefully selected suppliers and subcontractors
- Develop our employees' skills to meet our customers' requirements and expectations

Each employee commits to:

- Meet customer and other applicable stakeholder requirements, including applicable laws and regulations
 - Contribute to the continuous improvement of our operations and the quality of our projects
-

Environmental policy

We work to protect the environment, reduce our environmental impact, and develop our environmental performance by:

- Complying with applicable environmental laws and regulations and other applicable mandatory requirements
- Educating and motivating our employees to act in an environmentally responsible manner
- Evaluate our environmental aspects from a life cycle perspective and create action plans
- Prioritize environmentally certified suppliers and subcontractors wherever possible
- Strive to reduce emissions from our own and external transportation
- Take responsibility for our waste by contributing to recycling as far as possible
- Inform employees and subcontractors about environmental management and the importance of considering environmental issues in daily work

Every employee of ours undertakes to:

- Comply with applicable environmental laws and regulations and other applicable mandatory requirements
- Contribute to the continual improvement of our environmental management system by working to meet environmental objectives and achieve better environmental performance in our operations
